BRISBANE PLANS WILD WEST DAYS:

The Lion's Club announced plans for a three-day "Wild West Days" celebration June 2, 3, & 4 to raise fund for the club's child welfare program.

Allen Bybee, chairman of the event, named committees at recent meeting of the club. Included in the three days of celebrating will be a parade, carnival, and street dance. Prizes will be given for best costumes for the women and children--and longest beards for the men.

The club president, Jim Williams, said the decision to stage the affair was made in order to bring additional services into the club welfare program. Theme for the celebration will be "LET'S GO WESTERN!"--(as reprinted from SAN MATEO TIMES dated May 3rd.)

EDITOR'S CORNER---

"THE MONK AND THE PEASANT"

A peasant once unthinkingly spread tales about a friend--
But later found the rumors false, and hoped to make amend.
He sought the counsel of a monk, a man esteemed and wise--
Who heard the peasant's story through, and felt he must advise.
The kind monk said, "If you would have a mind again at peace,
I have a plan whereby you may from trouble find release.
Go fill a bag with chicken-down, and to each door-step go--
And lay one fluffy feather where the streams of gossip flow."
The peasant did as he was told, and to the monk returned--
Elated that his penance was a thing so quickly earned.
"Not yet", the old monk sternly said, "Take up your bag once more--
And gather up the feathers that you placed at every door."
The peasant, eager to atone, went hastening to obey--
No feathers met his sight--the wind had blown them all away!

EDITOR'S NOTE: Moral----what you say about other people is not nearly so important as you think. It only seems important to you, because it is on your conscience--and a sense of guilt is a heavy burden to carry.

ENGAGEMENT ANNOUNCED:

Mr. and Mrs. Allan G. Bybee of 44 Inyo Street, announce the engagement of their daughter, Donna, to Mr. Roger Staton, also of Brisbane. The wedding will be sometime late in June, after which the young couple will have a two-weeks honeymoon trip---plans for which have not as yet been disclosed.

IN REGARDS TO THE "PET" POISONING:

Mrs. Gordon, of 1134 Humboldt Road, reports that a tumblerful of half water and half peroxide, if given immediately to your pet upon signs of being poisoned, will cause the pet to eject most of the poison contained in it's stomach, and the chances of saving your pet's life will be greatly heightened. It's still a good idea to rush your pet to a vetinerary afterwards, but this advance treatment may make the difference between an alive and healthy pet, or a mighty sick, and perhaps, dead one. Mrs. Gordon also suggests that we do not allow our pets to roam about at night, for a lot of the poisoning is being done after dark.

HAVE YOU HAD YOUR "CENSUS" TAKEN YET???--

The census is being taken right now in this area, by Mrs. Caroline B. Mickow, of 515 Cherry Street, San Bruno, Calif.--Mrs. Mickow states that she believes a Mrs. Daly, formerly of Brisbane, is also taking the census in this area. If the census taker does not reach you by the 20th of this month, Mrs. Mickow suggests that you call her at JUNO 8-4794 between the hours of 6:30 and 10:30 p.m.

In regards to the census taker--why not greet her courteously, and answer her questions sensibly, and with dignity. She is doing a wonderful job, and it must be nerve-wracking to run into some of the characters she must meet in her capacity. Most of us can make up for the moronic ones by cooperating in every way. Personally, I shall be proud to have my "census" taken--for I do want to be counted as one of the citizens of this wonderful country of ours.

FOR THE BENEFIT OF THE--

BOOK REVIEW: "THE BIG EYE" by MAX EHRLICH--

The time-setting of the "BIG EYE" is in the year 1960. According to the author, we are all still alive ten years from now, (bless his little heart!)--and we are still stewing things over with Russia. Seems lik New York is a dead city in 1960--with every one fighting for reservations OUT, and no one coming in. Our Hero, David Hughes, is the only passenger to alight from a California-to-New York plane--and is carryin a brief case full of secret stuff. He comes as a messenger from Professor Dawson, the manipulater of the "Big Eye"--the Palomar Observatory. Seems that our trouble is no with Russia, after all--but with some othe planet!--What happens to all of us, and how we survive almost certain death, you'll ha to read in the book. The part that interested me most was the passage which told about the giant television screen showing New York citizens a view of Russia--wherein a crowd of Russians are gathered around their television screen, and one of the soldiers stationed in New York gasps out--"Geez, lo at their faces--What do you know? They're just as scared as WE are!"

A mighty creature is the germ--
Tho' smaller than the pachyderm.
His customary dwelling place--
Is deep within the human race.
I cannot help but wonder at
The oddness of his habitat.
His childish pride he often pleases
By giving people strange diseases.
Do you, my dear--now feel infirm?
You probably contain a germ.

MOTHER!!

Mother in gladness, Mother in sorrow--
Mother today, and Mother tomorrow--
With arms ever open to fold and caress you--
O Mother of Mine, may God keep you and bless you.
--by W. Dayton Wedgefarth--

****

Those cool green hills, crest with pines
Stand between me and my heart's desire.
Up I must climb, and when reaching the top-
I and the pines will perspire.
Dripping am I with dew and with mist--
And into the shadows and deeps--
Thru lush grass, and knee-deep marsh,
And o'er each small thing that creeps.
Thru low-hanging willows and under the pine
Crunching the moss and the cones--
Slogging along thru the deep shadowed vale,
I can't miss my date with Tod Jones!
Up another small hillside, and down thru the creek,
Thru the bogs and marshes and reeds--
To a field of daisies, where hop-skipping hares
Scatter the white-headed dandelion seeds.
And the last shadowed woods, the alders and beech
Rimming the deep-darkened pool--
There I will meet him, the heart of my heart--
And onward, together--to school!

LOCAL GLEE CLUB SHAPING UP:

Frankie King is quite pleased these days, over the success with which his glee club is "reaching the high notes"! Your editor heard their rendition of "Kentucky Babe" last Monday night, and it was hard to realize that this was their first practice session on that particular number. Sounded like a bloody bunch of professionals to me!--If the minstrel show which has been planned, will contain such numbers as "Kentucky Babe", sung the way they sang it Monday night---THIS I GOTTA SEE! Good harmony voices are still needed--so PLEASE turn out for the practice sessions every Monday at 7:30 p.m., at the schoolhouse.

What ever happened to our local Drum and Bugle Corp? We havent been hearing much about them lately. It seems so odd that an organization which had such a good start should so suddenly disappear from public view. We know for a fact that it is not the fault of the overworked few who stuck it out for so long--giving of their time and their energy when they could so little afford it. The last chance for public appearance the organization had--the St. Patrick's Day Parade on Market Street--was a dismal failu as far as turning out was concerned. The committee was there, and so were about eigh of the members of the corp---but they were not enough to make a good showing--so those few who did turn out were disappointed---the did not get to march in the parade. As you all know by now--there will be a parade rig here on June 11th HOW ABOUT IT???
